of the trees, We would go over the beautiful story that has now been woven into your Christmas Pageant. Jesus would often bring in a point of Law to clarify the experiences as I wove them, for your pleasure, sometimes accompanied by My busy fingers weaving the flax into a tapestry. In this way was recorded in the minds of those who loved Him the story of the Gospels which would commemorate His coming to generations yet unborn from the womb of time.

The children of the village and the close friends would come in the evening, and we would sing together the old songs of David and of Israel's glory, and then He would talk to Us of Heaven, and tell Us of the One Eternal King and Father of all hearts and souls and spirits; and thus the Birthday of Our Beloved Jesus, now called the Christ Mass Day, would pass, and He would walk forth again on the morrow.

Thank you, beloved Friends of the Ages, for remembering both My Beloved Son and Myself. May the fullness of the Christ Season manifest through your hearts and spirits and those of all mankind; and may you enjoy the association which I anticipate We shall have, one with another, in the New Year, in My Office as Co-Sponsor for your dear lifestreams.

Yours in Gentle Love,

MOTHER MARY

Dearly Beloved Children:

The approach of the Christmas Holidays brings the Presence of the Masters very much closer to the consciousness of the people of Earth, and We shall appreciate any particular thought you may care to give to the unfoldment of the Higher Nature of the race.

As this Season is most advantageous for Our Spiritual Harvest, We press into the seven-week period all the Light that the Cosmic Law will allow by the up-reaching of mankind's thought and feeling to the Octave of Celestial Giving. Therefore, the intensification of the calls and invocations of the students at this time doubles and trebles Our opportunities to give. So if you can lift your thought heavenward, particularly during the Christmas Week itself, you will have afforded Us a personal blessing, as the greatest good that We can give is more of Ourselves.

The CHRISTMAS SPIRIT begins to flow around the first of December and carries through for seven weeks until the 12th or 14th of January. The Christ Spirit is an outpouring of Love and all the Perfect Qualities from the Angels, Masters, and other Divine Beings, and it pours over the Earth like a golden rain of beautiful particles of Light. Each particle is like a nine-pointed star, and the entire lower atmosphere of Earth and all the bodies of the people are enveloped in it. It increases in power until Christ-

mas Eve when its potent presence is almost palpably felt by even the coarsest outer minds. To that outpouring of all the Celestial Beings is added a tremendous radiation from the Retreats and Sanctuaries throughout the world, under the direct guardianship and guidance of the Masters and conscious chelas.

Now will you remember that for the remainder of the Christmas Season I shall expect each of you, My dear ones, to BE the Spirit of Christmas as much as you can in order that this outpouring will be worthy of carrying MY NAME, MY BENEDICTION and MY LOVE to all mankind, and when We have become the Spirit of Christmas for that period, it will be an easy matter to preserve that radiation permanently.

In My own Ashram in Ceylon, at Shamballa, at Luxor, in Kwan Yin's Retreat in China, at Lake Titicaca, at Darjeeling and many other places, the Christmas Wreath is already manifest in the upper atmosphere. This is a constant outpouring of a Ring of Flame qualified by a radiation of Peace and Goodwill to men. These Retreats present a beautiful sight to the spiritual eye, and there is no part of life on the planet Earth, from a lump of coal to a singing sparrow, that does not receive a Gift of Love and Blessing from each Retreat and Sanctuary. Every year this outpouring increases, just as a musical creation builds to a crescendo of blended harmonious sound, and each Christmas is more perfect and glorious than the preceding one because the momentum from the ascended as well as the unascended state is growing constantly.

It is also wise to accept all that the Christ-

mas Season offers because it is one of the greatest opportunities for soul and spirit growth that the whole year affords, and when one is aware of this potent force, it can be greatly intensified in and around you for the evolution and progress of the spiritual nature. You can invoke this radiant outpouring, and as the electro-magnet draws particles of substance from the atmosphere into itself, so can you draw the substance from God's Kingdom and so feed the evolving spiritual nature of your being. During the Christmas Season, the atmosphere of Earth is literally 'star-dust' which the people breathe in, unconsciously filling their inner bodies with a sense of ease, peace and happiness which they attribute to the 'Spirit of Christmas'.

In India We celebrate Christmas with lighted tapers and holy incense, and gentle sweet songs to the beautiful Christ Spirit. We have not enjoyed the glory of the fir trees, so all the Masters of the East take particular pleasure from the beautiful display of lighted trees here in the West.

Man somehow thinks that the Gods are above the homely pleasures of the Earth, but even though Our joys and Our experiences are so gloriously perfect, there is a nostalgic sweetness in the efforts of the bound Earth men to release Light, which makes Our hearts happy, and many a Christmas Tree has a Master standing by its side, giving that tree new radiance, warmth and light. I might add, that when people are through with the trees, it would be a good idea to burn them rather than throw them carelessly aside. They have been light-bearers and should be returned to the Flame when their service is ended.

Therefore, from the Realms of Pure Light, surrounded by huge Christmas Trees decorated by the Angelic Host in Flaming Ornaments of Electronic Light with great Nine-pointed Stars blazing at the top, I send you, each one, My Christmas Blessing which carries Happiness from a Realm where there is no sorrow. It carries the Peace that comes from Perfect Understanding; It carries the vital life from the Presence of All Life which is an inexhaustible Fountain of Flame; and it carries the Love and Blessing of My Seven Sons.

A Blessed and Holy Christmas be yours, and a New Year in which only Victory shall be the experience of each of your lifestreams.

Blessings and Love,

MAHA CHOHAN

Beloved Children:

How sweet are the souls of men when they come, voluntarily dissociating themselves from the world of form, and choosing to bare their consciousnesses to the shafts of Light which bring Truth first, and for those willing to accept Truth - Comfort.

For the planet Earth I am the Representative of the Holy Spirit. This great Holy Spirit is the Mother Activity of Life, and on every planet of Our system, as well as every planet of superior systems, there is a Being Who holds the same Office as Mine; and for that planet, the evolution of all life expressions upon it endeavors to externalize the Nature of the Holy Spirit of the One Eternal Father.

Before I was given this Office, other Intelligences represented the Holy Spirit, and when I have completed My service, and the Wisdom of the Great Cosmic Law, in kindness, desires that I shall proceed into a different activity of life, another Being will take upon Himself the obligation, the responsibility and the opportunity of being the Comforting Presence to the evolution upon this Earth.

I bring this to your mind again because We are endeavoring, in every way, to reach into your consciousness and impress upon you the conviction that the service, the radiation, the quality and
